

SAVE TIME
& MONEY

We Want to Be Your Bank.

From free checking and savings accounts to mortgage and business loans, we are ready to help you.

Home Loans

We have the loan at the right rate to get you in your dream home, or we can help you refinance an existing one. Talk to one of our experienced home loan professionals today.

Personal Loans

Whether you're starting a new business, taking a vacation, or buying a new car, we can help you get the money you want for almost anything.

Business Services

With a full line of business checking accounts, treasury management services and commercial loans, BankTennessee's blend of financial tools and personal service is perfect for the active, growing business.

Time Saving Conveniences

In addition to mobile banking, we have more time and money saving solutions.

Bank Free

The bank is in the palm of your hand with BankTennessee's mobile banking. Whether you choose the downloadable app or the mobile web, you will have free, real-time access to your account information wherever and whenever it's convenient for you.*

Mobile App Featuring a rich, user-friendly experience, BankTennessee's mobile banking app will probably be a favorite!**

Mobile Web Stay in touch with your accounts through the web browser on your mobile device. If you already bank online from your computer, you will feel at home with this option.

Bank Fast

To stay up to date with your account information, mobile banking can be the fastest way to stay in touch with your finances. With the app or mobile web, you can quickly:

- View real-time balance information on your checking, savings and money market accounts
- Transfer funds between eligible accounts
- Review your account history
- Pay bills and deposit checks
- Receive account information by text message

Bank Safe

Rest assured! We use the latest mobile banking technology to ensure your account information and identity are safe and secure. No account data is stored on your mobile device, and only the devices that you personally enroll can access your accounts. Established login credentials are always required to enter mobile banking.

As an online banking customer, you can enroll in mobile banking through your online account or by using your mobile device.

Enroll Through Online Banking

1. Login to your online banking account at www.banktennessee.com.
2. Click on My Profile > Options > Mobile Banking.
3. Follow the steps to enroll your device.
4. Make note of the Activation Code when presented. Use your mobile device to complete the activation process, and input this code on your mobile device when prompted.
5. Your mobile device is now registered.

OR, Enroll Using Your Mobile Device

1. Login to your online banking account at www.banktennessee.mobi from the browser on your mobile device.
2. Click on the Sign In link.
3. Accept the Terms and Conditions.
4. Login using your Online Banking credentials. Click on Sign In.
5. A challenge question will appear during initial enrollment. If you select Remember the Device, you will not be presented with a challenge question the next time you log in.
6. Enter your 10-digit mobile number, and click Next.
7. The Main Menu appears, and you are ready to view your accounts online.

Mobile Web

Once enrolled, you can access your accounts anytime and anywhere from your mobile device at www.banktennessee.mobi.

Mobile App

Download, Activation & Sign On

1. Download BankTennessee's mobile banking application from the App Store on your mobile device.
2. Select one of the following options to activate the app on your device.

I have one >

1. Click this if you have an Activation Code, and it is in the 24-hour period since enrollment.
2. On the Activation Entry screen, key in the Activation Code, your mobile phone number and click Activate.
3. When the message Activation Complete appears, click OK.
4. Key in your Online Banking User ID and Password.
5. Click Sign On, and you will be presented with the Main Menu to access your information.

I need one >

Click this option if you do not have an activation code or if your code has expired. Follow the on-screen directions to obtain a code to enroll your device.

If your phone is lost or stolen, sign on to online banking and disable your phone from mobile banking, or call your local BankTennessee office for assistance. If you are concerned about misuse of your phone, contact your mobile service provider immediately to stop all wireless service.

* Web access on your mobile device is required to use mobile banking. While BankTennessee does not charge a fee for mobile banking, web fees from your wireless carrier may apply. Please contact your wireless carrier for more information.

** The downloadable app is only available through certain carriers and on select devices.
